Rec. 20.503

FEBRUARY 1903.

HE MAHARAJA OF

DEAR SIR,

In name and by authority of the Edinburgh Indian Association, we respectfully beg to lay before you the following facts for your favourable consideration :—

This Association was founded in 1883, by a small number of Indians then studying in Edinburgh, for the purpose of (1) affording every personal assistance to the natives of India coming over to this country for study or business; (2) promoting social intercourse among the Indians resident in this country; and (3) holding debates. It has been carrying on its work during the last twenty years, and the number of members has been steadily increasing. Having started with hardly six, the Association has now on its roll about fifty members.

Owing, however, to want of funds, the Association has hitherto been unable to secure a local habitation. The meetings used to be held at the private lodgings of the members until lately, when it was found practically impossible to accommodate the members in such small rooms. The long felt necessity for more suitable and permanent quarters has thus been increased.

Accordingly, acting on the advice of Professors Sir THOMAS R. FRASER and A. R. SIMPSON, cordially supported by Sir WILLIAM MUIR, until recently Principal of the University, by Sir WILLIAM TURNER, the present Principal, and by other well-wishers, we have resolved to endeavour to raise funds in order to meet our requirements, for which purpose it is estimated that about £5000 will be necessary.

The funds will be held in the name of the Association by the following Trustees :—

1.—Professor SIR THOMAS R. FRASER, M.D., LL.D., F.R.S.,
Vice-President of the Royal College of Physicians, Edinburgh.

2.—Professor A. R. SIMPSON, M.D., D.Sc.,
Dean of the Faculty of Medicine, University of Edinburgh.

3.—Professor SIR LUDOVIC J. GRANT, Bart.,
Secretary of Senatus and Dean of the Faculty of Law.

4.—THOMAS S. CLOUSTON, Esq., M.D.,
President of the Royal College of Physicians, Edinburgh.

5.—SIR J. HALLIDAY CROOM, M.D.,
President of the Royal College of Surgeons, Edinburgh.

We may add that, as experience has shown, the possession of habitations by kindred Associations has not discouraged intercourse between their members and the other students, or the citizens in general, but has rather fostered it, and has thus enhanced the great educational advantages derivable from friendly relations between students of different nationalities.

We therefore approach you with this appeal, and trust that you will give your generous support to this movement, whose aims are to increase the comfort and well-being of the members of the Edinburgh Indian Association during their residence in a distant country, and to promote the cause of education among the Indians.

All donations should be sent or intimated to Professor J. KIRKPATRICK, LL.D., (at the University of Edinburgh), the Honorary Treasurer of the Edinburgh Indian Association Habitation Fund.

We beg to remain,

SIR,

Your most obedient Servants,

D. S. RAMA CHANDRA RAO, M.A., *President.*
A. N. J. VIZARAT, *Hon. Secretary, (University Union, Edin.)*

Addendum to Accompanying Appeal.

The undersigned beg most cordially to support this Appeal.

It would be of the greatest advantage to our Indian Students were the Edinburgh Indian Association to be provided with a Habitation. Students on their first arrival in this country would find a centre among their fellow-countrymen, where information of the utmost value to strangers could be obtained; and, throughout their residence in Edinburgh, a much required meeting place would be at their disposal for mutual co-operation and intellectual and social intercourse.

In this cosmopolitan University there are already flourishing Institutions where the convenience and requirements of Students from Australasia and South Africa are separately provided. It is highly desirable that Students from India should possess equal advantages. We feel assured that the projected scheme would so obviously be for their benefit that their fellow-countrymen and all others interested in the intellectual development of India will heartily co-operate in its realisation.

W. MUIR, K.C.S.I., LL.D., D.C.L.,
Lately Principal of the University of Edinburgh.

WILLIAM TURNER, K.C.B., M.B., LL.D., D.C.L., F.R.S.,
Principal of the University of Edinburgh.
President of the General Medical Council.

THOMAS R. FRASER, M.D., LL.D., F.R.S.,
Professor of Materia Medica and of Clinical Medicine, and Vice-President of the Royal College of Physicians, Edin.

A. R. SIMPSON, M.D., D.Sc.,
Professor of Midwifery, Dean of the Faculty of Medicine.
